

April, 2010

Dear Friends and Supporters,

Each year brings additional new ways to service our community with our combined efforts. Your support and financial contributions to the **The Odessa Chambliss Quality of Life Fund** have been a tremendous blessing to many students in educational institutions and others serviced by our relationships with various charities.

Last year we accomplished our goals and surpassed our expectations. Monetary donations were given throughout the year to a number of colleges, universities and small organizations who support our mission which is to improve the quality of another's life. With the addition of **The Odessa Chambliss Wellness Center** on the campus of the great Bethune Cookman University in Daytona Beach, FL., we are now able to help serve others in another capacity. You all have been very instrumental in helping us to bring continued awareness to many who need our assistance.

As a reminder, **The Odessa Chambliss Quality of Life Fund** honors our Mother Odessa Chambliss who was a nurse by profession. You've heard the story time and time again how at the time of her death, we learned that "It is not the quantity of years one lives, but the quality of life that is important." We continue to stand on our commitment to support that principle on a daily basis. We're happy to say that after each event another dream becomes a reality for some deserving students and individuals in our communities.

As this year's planning stages begin, we solicit and ask for your financial support. Beginning on Sept. 16, 2010 the seventh annual **Shaq's Mama Said Knock You Out 2010 Annual Golf Tournament and "Soulful Midday Soiree"** starts with the private reception, early morning golf at Shingle Creek Golf Club, followed by a fun-filled and nostalgic afternoon of good food, good music and socializing with good people New Orleans style.

Our "unique" fundraiser is one of Orlando's most recognized and successful events held annually. You can always be assured your donation is used to the maximum extent possible according to Florida Law. We are a 501(c) (3) charitable organization and can provide you with the necessary documentation for your records upon request. As we go forward with our plans and the excitement continues to build, we sincerely hope and pray that you will again join us in our efforts. You are an integral part of **The Odessa Chambliss Quality of Life Fund** and one of the reasons we continue to exist. Can we count on your support once again?

A short schedule of events and details of the sponsorship levels are listed. If you have questions or need further information, please contact: Deena Copeland at 813-968-4934 or deena.copeland@ngiusa.com. On behalf of our entire family, we await your favorable response. Please know that we sincerely appreciate all you have done in the past to help us keep our overall commitment...enhance another's life.

Respectfully,

Lucille O'Neal
Southwest Director
